

Kahikatea Term 4

Our Year 7 and 8 camp was held at Omapa Scout campsite last week. This was the first time we have held a camp at this amazing site and plan to go then again in 2019. The main activities were walking through Bottle Lake Forest, surfing, team building activities, sailing dinghy's, tramping and river crossings and on the final day going to Adrenalin Forest. A big thanks to Tai our cook, Keri, Teresa, Beaven, Shelly for being adults on camp and Daral for his visits and trailer trips, as well as bringing our fish and chips on the last day. Thank you to Gretchen for your visits to the campsite and Adrenalin Forest.

Bottle Lake Forest

It was fun walking through the forest. I liked hanging out with my friends when walking and sharing stories. Jasper and I walked together.

Carlo

Surfing

It was so much fun. The first time I did it properly, it was amazing because I managed to stand up. It was funny watching others fall into the sea.

Lambert

Team Building Activities

I liked this activity where we couldn't touch the ground and had to work as a team to make it to the end. I had to stretch to reach the last tyre. **John Rei**

Sailing

I liked sailing because it was my first time. I went twice and I was good at it. We got to sail by ourselves.

Althea

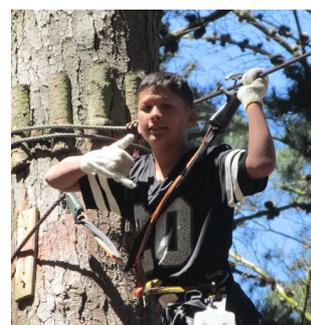

Tramping and River

It was fun crossing the tight rope bridge. I liked seeing my friends fall into the deep parts. I was trying not to fall in. **Carter**

Adrenalin Forest

This was my first time at climbing trees like this. I made it to the end. It was freaky and I nearly stopped on Level 6 but had to carry on because there was no other way down. **Karlan**

Highlights of Camp

Amelia: I made new friends. I really enjoyed Adrenalin Forest where I achieved Level 4. I also liked doing the concert night and showing my ballet to the class.

Isabella: The river crossing was so much fun. I had never done this before and would love to go again. We had to trust other people to keep everyone safe.

Cheyenne: I like the sailing because this time I did it and didn't fall out. I really enjoyed the whole camp especially seeing the eels.

Bishal: I liked doing the Adrenalin Forest as it was challenging and I finished Level 3. The river crossing was fun because people were going into deep parts and we had to help each other.
